"Bill Problems"

Hello again friends,

Adults know about "bill problems." The following is about Velma's "Bill problem." 'Bill' is her son, a Family Circus child.

This past weekend Bill's mother Velma, carried her 7-year-old son, to Family Circus and asked if we could help. (He was too weak to walk.) She wanted to take him to the hospital to, prayerfully, find him

some help. But Bill's family is very poor and did not have enough money to go to the hospital. If only they could get there the government should help with his medication and a check-up. Velma has attended Family Circus for some time, and knows that we are here to help the children.

Bill is very thin and has TB (Tuberculosis). He doesn't complain and tries to be brave. When I gave him some extra pancakes I had from McDonald's he hung on to them very tightly. When you are starving, food is important. We provided them with transportation funds to go to the hospital and will continue to monitor his progress and help as we are able.

We already fed Bill a hot meal when he arrived and then sent additional food to prepare at home for him.

The garden we started this past December is starting to produce. This month we are harvesting cucumbers, radishes, egg plants, etc. We also are harvesting mangos off our one mango tree. The things we harvest help, with additional vitamins and nutrition. Thank God for friends that help us to provide food, clean water, dental care, first aid, and most important the joy of Jesus, to the little ones and their families.

For the King & His kids,
